

TALK UP TAIHAPE

Taihape Community Development Trust - *October 2022*

Taihape Community Development Trust

AGM

5.30pm Tuesday 15 November 2022

VENUE

Kokako Hall

All Welcome

A festive Christmas parade poster. At the top, there's a green pine branch with red and gold ornaments. Below it, a red banner reads "The Taihape Community Development Trust Proudly Presents". The main title "Taihape CHRISTMAS PARADE" is in large, bold letters, with "CHRISTMAS PARADE" in yellow. Below that, "3rd Dec, 12pm" is in red, and "Hautapu Street, Taihape" is in black. Two white gift boxes with red ribbons are on either side. At the bottom, Santa Claus and a reindeer are depicted. The background is light blue with white snowflakes.

The Taihape Community Development Trust Proudly Presents

Taihape

CHRISTMAS PARADE

3rd Dec, 12pm
Hautapu Street, Taihape

Entry forms are available by emailing admin@taihape.co.nz or pick up from the Taihape Information Centre. Any queries please contact TCDT on 388 1307

Council News

October 2022

0800 422 522 (24 hrs) | info@rangitikei.govt.nz |  RangitikeiDC

FROM THE *Mayor's Desk*

Last week, we held our final Council meeting for the triennium where we farewelled Councillors Ash, Panapa, Gordon and Belsham - all of whom have served this district with distinction.

Councillor Gordon and Deputy Mayor Councillor Belsham have had the added responsibility of chairmanship of committees where their input has been invaluable. For those of us standing who may or may not be returning to the table, good luck. Congratulations to Councillors Coral Raukawa, Brian Carter, Tracey Hiroa and the incoming new Councillor Jarrod Calkin.

On 21 September, I, along with six other Mayors throughout the country, took our concerns over roading to the Board of Waka Kotahi NZ Transport Agency in Wellington. Mayors meeting with the Board is unusual and signified our concerns over the maintenance state of both local and national roading networks. We also questioned that successive Governments follow a three year cycle with limited long term views over roading priorities. Hopefully this meeting will result in a closer future working relationship with Waka Kotahi and the Government.

I'd like to send my congratulations to the organisers and presenters of the Bio-Polymer seminar held at Te Matapihi on 8 September. The information was well presented and painted a potentially fantastic future for our district and the environment.

Continuing with the environment focus, on 30 August at Rangatira the Rangitikei River Catchment Collective held their AGM. The number of collectives is growing and the work that they do for the environment is spectacular. Roger Dalrymple, Mark Chrystall and the team need to be applauded for their efforts.

As my last message to the community this triennium - please vote. Who represents you is imported and too often we don't engage but criticise later. Thank you all for your support during this term, it has been an honour to serve as your Mayor.

**Ngā manaakitanga, Andy Watson,
Mayor of Rangitikei.**

Do you pay your rates by Automatic Payment?

Make sure to check your payment amount is correct to keep your rates up to date until 30 June 2023.

We recommend that you review your payment amount and check for any rates increases at the start of the rates year to ensure your account doesn't fall behind due to insufficient funds.

If you require assistance for calculating your rates, please phone our Rates Officer on 06 327 0091.

From Our Community Board

The October meeting brought the term for the current Community Board to a close. I can only describe the term as challenging as we faced the pandemic, lockdowns, and mandatory measures together with my personal challenges which have seen me operating from afar!

I have enjoyed the "learning process" of being Chair. When I accepted the role I set myself goals, one being to communicate with the wider community and secondly to work together with the Development Trust and other organisations to make Taihape an attractive and interesting place to stop and stay awhile.

I have met regularly with Pania from the Trust, and we have shared plans and worked co-operatively on some. I thank our local iwi for sharing their stories and knowledge enabling the Board to understand the significance of the Tamatea Pokai Whenua Cairn and share it with others. I must also thank local businesses, organisations and our reliable "handy man" for the willingness they have shown to accommodate TCB work. I appreciate the effort they have all put in.

The "highs" for me have been the projects that this Board has been able to complete and I thank Board members for their input. To mention a few we have completed (or very nearly) a successful Dog Park, upgrade of Coin Save street frontage, the northern Events Board, the story of the Tamatea Cairn, the upgrade of the defibrillators and repainting the yellow gumboot trail while just a "step away" from completion are the concrete pads under the picnic tables at Quickstop corner and the story of the railways. We are currently working with the Trust on the rejuvenation of the main street. Toilet facilities in the Cemetery have been discussed plus the provision of water for hand-washing on entry and leaving is planned. The connection of water to the Dog Park has been investigated but the cost is currently prohibitive.

The "lows" for me have been brought about by the pandemic - I have not had the contact with the Council and staff in Marton that would have been beneficial. The recent bout of vandalism, graffiti and grass berm damage really are so very disappointing plus my ability (or rather lack of) to Zoom has been challenging to all 11. Thanks to our local RDC staff, Council members and fellow Board members for your patience. You have all been great support. A special thank-you must go to Michelle for her support during the pandemic.

Best wishes to the in-coming board members.

Ann Abernethy (out-going Chairperson)

Staying Safe refresher course for older drivers

Attend this **FREE** course for older drivers to gain more confidence and learn more about safety on the road.

Is your driving as safe as it could be?

- Increase your knowledge about driving and ageing
 - Key safety factors
 - Road rules and hazards
 - Urban and rural driving

Come by yourself or bring a friend, enjoy lunch, and take home a great workbook.

Monday November 7th - 9.30 am to 3 pm
at REAP, 1 Tui St, Taihape

We have limited places, so booking is essential

Call REAP on 06 388 0109
to book your free place today!

Staying Safe Senior Drivers' Refresher Course

Staying Safe senior drivers' refresher course is coming to Taihape soon. This is a free classroom based course delivered by a very experienced driving instructor and educator.

Staying Safe aims to build the confidence of older drivers and to update your knowledge of driving and ageing, and of legal and safe driving - including road code and licence renewal; also to refresh and improve your driving choices and practices. It is for all older drivers who want to keep driving safely for as long as possible.

- Do you know the current road rules well?
- How often have you thought, "Where did that car come from?"

Have you had a collision or near miss in recent years?

- Are you sometimes confused about who should give way?
- Do your passengers or other drivers have difficulties with your driving?
- Would you like to develop strategies for adverse driving conditions?
- Would you like to make better decisions re rural and urban driving and busy roads?

The free **Staying Safe** course gives opportunities to gain a clear understanding of these matters and to reflect on your own driving. An informative booklet and lunch are provided.

Age Concern Whanganui supports older drivers to stay safe on the road and to make good choices We only come to Taihape every few years, so take this opportunity!

Lifting the load from our Body - a time to “Spring Clean”

Exposure to Toxins is Inevitable

It is an unfortunate fact of modern life that we are constantly exposed to all manner of toxins; from our environment, in our homes, cars and workplaces, in the air we breathe, the food we eat and the water we drink. These unavoidable toxins and the body's detoxification capacity can become overwhelmed, causing a 'toxin load'.

This overload of toxins can do a lot of damage to your body's cells through a process known as oxidation (or free radical damage), which also contributes to the ageing process.

The liver, kidneys and gastrointestinal tract work tirelessly to process and eliminate internal and external toxic waste products from your body. As detoxification occurs, the burden falls largely to the intestinal tract, which is responsible for a high percentage of toxin elimination.

What we eat, what we are exposed to from the environment, how our body deals with these factors, helps to determine our overall health level.

Some of the symptoms of an overloaded system:

- Gas
- Burping
- Abdominal bloating
- Constipation
- Diarrhoea
- Heartburn
- Low energy, especially in morning
- Brain Fog

Eat Your Greens

Many vegetables contain protective plant-based phytochemicals, particularly those from the Brassica (cabbage) family such as broccoli, Brussels sprouts, cabbage and cauliflower. Regular consumption is an important part of a healthy diet for a healthy life.

Herbal Options

There are many and varied options to choose from, including

- St Marys Thistle
- Schisandra
- Greater Celandine
- Burdock
- N-Acetylcysteine, to name a few

Here's to a Healthier You

The following tips can help support your body's natural detoxification processes and reduce oxidation:

- Ensure your diet contains a wide selection of coloured fruits and veges; these are rich in antioxidant phytochemicals for optimal health.
- Drink 2 Litres of filtered water each day to support toxin clearance.
- Get plenty of exercise. As well as improving cellular health and circulation, exercise encourages sweating which is a great way to detox.

Spring Cleaning - think of the analogy of our car. Mostly we take our car along every 6 months for its grease and oil change. What happens if we don't? It begins to “clog up”, and not run quite so well, and then often costs more money to get it running smoothly again.

So, when do you give your Body a “grease and oil change”, so it doesn't clog up, and not run so well? Over months and years of our body “not running so well” can cause health issues, often lasting the rest of our life.

Do a “Grease and Oil change”, take a herbal mix or supplement option to **Reboot Your Health** !

For further information, come and chat about what you can do to help improve “detox” your body.

"I AM VERY SATISFIED WITH THEIR WORK. OUR YARD IS VERY WIDE SO IT'S DIFFICULT WORK, BUT THEY DID IT VERY PROFESSIONALLY. I HIGHLY RECOMMEND THEM" - DAVE

Gardening in Taihape

By now we should be seeing the first pay off from our winter labours in the garden. October brings the full blossom of prunus and fruit and provides a delicate colour through the garden to usher us into the warmer season ahead, this can be one of the busier times in the garden also. This is a time for the ground to be at its most fertile for the preparation of new crops.

In the vegetable section we can start planting the warm season vegetable as the soil temperatures begin to rise but do be wary of these late frosts. Good generous amounts of compost and fertiliser will see you through the warmer months with a bumper crop. However, the sowing of summer vegetables outdoors too early can result in failure, as stated be wary of those late frosts. Germination in pots or punnets can be a good idea before planting.

Flowering shrubs and roses should now be producing the first buds for the season ahead. As will pests be visible. Cleaning out old and spent flowers and shrubs should be discarded and replanted a new, make the most of the rapid growth on flowers and shrubs as this can be ideal to fill in gaps in the garden beds. Spraying for pests is a must if you are prone to aphids and blackspot, however, be aware of the, no busy activity of bees in the garden too. Use topical sprays that are harmless to bees like Super Shield by Yates, alternatively an organic spray.

Our lawns too will be fast growing and needing regular attention. Make the most of the spring rains as this is ideal for taking nutrients from fertiliser to the roots without the need to water in.

Happy Gardening.

Brook O'Donnell

**Kia ora, Talofa Lava, Ni Hou, Konnichiwa,
Bula Vinaka, Namaste, Greetings!**

Introducing the Multicultural Council of
Rangitikei/Whanganui

While you may not have seen us, we did make it to the Taihape Spring Fling last month. With a chocka car-boot, we had to get up really early (for us townies) to get on the road and then get everything set up at The Outback. Once we were sorted and had a hot cuppa in hand we settled in to enjoy the entertainment, meet other stallholders and take in the fresh rural air. We appreciated the opportunity to say hello to many locals, give away some goodies and make some good community connections.

Some background: the Multicultural Council of Rangitikei/Whanganui is a non-profit organisation which operates under the umbrella of the New Zealand Federation of Multicultural Councils. Our regional council was incorporated in 2003 and has worked effectively in the community since then. Most of us have at some point been new to the region so we understand the difficulties faced when moving to a new place.

We are here to support migrants and newcomers feel at home here. This includes people who have moved into the region from other parts of New Zealand.

Please get in touch if there's a way we can help.

TAIHAPE WOMEN'S CLUB

NEXT MEETING

Wednesday November 2nd at 1.30pm

WHERE: St David's Church Lounge

Our Guest Speaker will be Ray Seymour who will talk on attending the Queen's Funeral in London and also the Memorial Service for the Queen at St Pauls Cathedral in Wellington.
